

Freeway Route Meeting Set for March 30

JOSEPH P. KENNEDY, father of President John F. Kennedy and former U. S. Ambassador (right), arrived in Palm Springs last night for a two week's vacation as a houseguest of Marion Davies and Capt. Horace Brown at the Davies-Brown Ranch at Wonder Palms. He was met at the airport by, left to right, City Manager Dan Wagner, Mayor Frank Bogert, and his host, Captain Brown. While here he plans to play golf and relax, but will make a quick trip to Los Angeles to visit friends and then return. (Desert Sun Photo)

Joseph Kennedy Arrives Here For Vacation

Joseph P. Kennedy, father of President John F. Kennedy, arrived at Palm Springs Airport last night about 6 p.m., chatted for a few moments with newsmen and friends, and was whisked off with a police escort to his vacation retreat at the Davies-Brown Ranch near here.

He arrived at the airport in a twin engine Convair 240, The Caroline, President Kennedy's private plane.

HE AND HIS grandchildren, Christopher, 5, Victoria, 3, and Sydney, 2, (children of Pat and Peter Lawford), were met at the airport by Capt. Horace Brown (Kennedy's host and husband of Marion Davies), Mayor Frank Bogert, City Manager Dan Wagner and Chief of Police August G. Kettmann.

The President's father looked good as he deplaned in Palm Springs and spoke cordially to city officials and the press. He learned that two old friends of his—Millie Considine and Rosie Dolly (one of the Dolly sisters)—were at the gate and walked over to say hello to them and chat for a few minutes.

HE ENTERED his waiting limousine, and escorted by Palm Springs motorcycle officers and Riverside County Deputy Sheriff's units, he was off to his desert retreat.

The children reboarded the plane for a trip to Los Angeles where they were going to be met by their mother and father.

The former Ambassador's daughter, Pat, and her husband, Peter Lawford, are expected to join Kennedy in Palm Springs later this week.

KENNEDY TOLD newsmen that he is in Palm Springs to relax and play golf—"on all the courses"—but did not say whether he would join ex-President Dwight Eisenhower at golf at Eldorado Country Club.

Accompanying Kennedy on the plane and staying with him at the Davies-Brown Ranch are Joseph Timulty, police Commissioner and ex-Mayor of Boston, Mass., and Arthur Horgan of Los Angeles, a long time friend.

Freeway Route Meet Set March 30

Proposed Routes To Be Discussed By State Engineers

The controversial freeway location in or around Palm Springs and through the country club area will be the subject for a public meeting to be conducted by the California Division of Highways at 9:30 a.m., Thursday, March 30, at the Palm Springs High School auditorium.

Routes under study for a freeway location of State Sign Route 111 between U. S. Highway 60-70-99 near Whitewater and Indian Wells, a distance of approximately 27 miles, will be explained by Highway Engineers.

LARGE EXHIBIT maps and engineering data will be displayed covering the alternate locations being studied.

Between U. S. Highway 60-70-99 and San Rafael Drive near the north city limit of the City of Palm Springs, the routing studied is on or in close proximity to the existing highway alignment.

BETWEEN SAN Rafael Drive and Cathedral City numerous routings were studied, including a direct connection to U. S. Highway 60-70-99 just westerly of Date Palm Drive.

Easterly of Cathedral City to Indian Wells, two general routings were studied: one along the existing highway, and the other generally along the Whitewater River south of the Tamarisk Country Club and north of the Thunderbird Country Club.

THIS MEETING is being held for the purpose of receiving expressions and factual data from citizens and representatives of the county, city, and communities concerned regarding the effect that each of these highway routings under study may have on community values.

NEW PROFESSIONAL ZONING PLANNED

A public hearing which may lead to a determination of a professional district zoning classification, will be held at 2 p.m., Wednesday, in city council chambers by the Palm Springs planning commission.

The commission hearing will be on an application by Palm Springs Professional Village, tentatively planned for the west side of the 900 block of South Palm Canyon Drive, for a change of zone of property from guest ranch to C-1a, a business district classification.

NO PROFESSIONAL district classification exists in current city ordinances, acting planning director Jack Bearpaw told The Desert Sun. A determination for such districts may have to be made before final action can be made for the applicant, he said.

The proposed center would be located on a planned westerly extension of Mesquite Avenue, near the intersection with a southerly extension of Belardo Road.

A CONTINUED hearing on the application of Lawrence Crossley for a change of zone from guest ranch to R-3, for a hotel and multiple family dwellings for property in section 20 will be second agenda item. A field trip was conducted on the site by the planning commission.

Second continued hearing slated is on the application of Agnes Farkas for change of zone from R-1a, single family residence, to R-2, limited multiple family dwellings, for lots six and seven, block C, Palm Highlands tract in section 23.

OLD BUSINESS includes consideration of application by Henry and Esther L. Frank for lot split in block five, Vista Acres, west of Palm Canyon Drive north of Alejo, and a study of street name duplication.

Haney Services Set Thursday
Karl V. Haney, 68, retired school teacher who lived at 73-489 Little Bend Trail, Palm Desert, for four years, will lie in state at the Wiefels and Son chapel here until 5 p.m. Wednesday.

Funeral services for Haney, brother of Los Angeles Angels baseball club general manager Fred Haney, will be conducted at the C. H. Cleveland Funeral Home, San Pedro, Thursday.

Deride Efforts Of U.N.

ELISABETHVILLE, Katanga, The Congo (UPI) — Enemies of slain Patrice Lumumba threw their military forces into a single command today in the battle to crush Lumumbist troops threatening to conquer two-thirds of the Congo.

Leaders of the Central Congo-Katanga and South Kasai governments signed a military treaty uniting their forces to meet "the tyranny of communism" posed by red-trained Oriental Province leader Antoine Gizenga.

THE AGREEMENT, which said United Nations peace efforts were "useless," was signed by Congolese Premier Joseph Ileo, Katanga President Mose Tshombe and South Kasai leader Albert Kalonji.

The new military grouping gave them a powerful numerical superiority over the Lumumbist forces. Kalonji claims 1,000 men, Tshombe 5,000, and the Ileo forces under Maj. Gen. Joseph D. Mobutu 17,000, although some estimates fix Mobutu's total at closer to 7,500 men. The Lumumbists are reported to have about 7,000 troops.

SOON AFTER THE signing, a band of 300 pro-Lumumba troops loyal to Gizenga, who proclaimed himself premier after Lumumba's death, were reported fleeing from Luluabourg, capital of Kasai Province. Informed sources said the Lumumbists, who occupied Luluabourg last Friday, either have been imprisoned by garrison troops loyal to the central government or have abandoned their weapons and fled.

There also were reports that a pro-Lumumba column of soldiers had advanced to Kikwit, a town in Leopoldville Province only about 250 miles from the capital city of Leopoldville Province only would lie to be the troops fleeing from Luluabourg.

Vandals Smash Holes in New Radio Building

Unknown vandals crashed holes into the side of a new, unused transmitter building of radio station KDES in section 27 sometime recently, causing an estimated \$440 worth of damage.

Norman Lothius, KDES general manager, explained that if the building had been in use now, the attack would be a federal offense, because radio stations are licensed by a federal agency, under Congressional direction.

USE ONLY FOR EMERGENCIES

Council Hears Proposal to Abandon North-South Runway at Airport

Possible abandonment of the north-south runway at Palm Springs Airport was proposed yesterday by Councilman Ted McKinney, who said that "it should be done to please the residents of the Veterans and Desert tracts and help promote a better feeling toward the airport."

The council, almost three years ago, adopted a resolution saying that it intended to "fade out" the part of the facility, but McKinney yesterday asked that a notice be placed in all airport bulletins that "the north-south runway be used only for emergency."

ANOTHER COUNCILMAN,

George Beebe, Jr., asked that the airport committee come up immediately with a clarification of the status of the land round the airport runways, its zoning and potential use. He urged M-zoning, or even IP-zoning, but added that it should be up to the Airport Commission to designate the possible use and then hold public hearings on it.

And City Manager Dan Wagner announced that he has received some new requests for city-leased property at the airport.

ONE OF THE requests came from Sun Valley Air Service, Inc.,

distributors of Cessna, for a lease on the airport landing strip. Another, even larger proposal, came from Forrest Bird, owner of the Bird Oxygen Company, who said he wanted to construct a 100 by 100 foot hangar and two deck office building for experimentation of the Bird Oxygen equipment. This use is already located at the airport and has been for several years.

WAGNER SAID that there were seven or eight more request for property, insuring the use of the land and a good return to the taxpayers, which could pay off the purchase by the city.

Planning Commissioner William Foster, attending the luncheon session of the council at the Riviera Hotel, told the group that many people he has talked with have said that they have not heard that the council was unanimous in the proposal to purchase the airport, and without hesitation the council ordered the city manager to bring in a resolution for passage next Monday night.

"We actually did this before," said Mayor Frank Bogert, "when we adopted our resolution of intent to purchase the facility, but if it will help get a 'yes' vote we will do it over and over."

Skelton to Star In Silent Movie

By VERNON SCOTT
HOLLYWOOD — In — Red Skelton announced today he will produce and star in the first American silent movie since Al Jolson broke the talkie barrier in 1929 with "The Jazz Singer."

The ebullient comedian, revered among other funnymen as the greatest clown of his generation, will costar with the great French pantomimist Marcel Marceau — Both playing circus clowns.

"NOT A SINGLE word will be spoken by anyone in the cast," the redhead said.

"The circus background will give Marcel and me a chance to do some pantomime specialties, but the story will be just as funny as anything we do individually."

"In the picture I fall in love with a beautiful trapeze artist who happens to be married to the circus owner."

"WHEN HE FINDS me kissing his wife Marcel and I run off to hide, and find ourselves in a trappist monastery. We throw caskets on over our clown costumes and feel right at home. Nobody in the monastery talks either."

"Then we discover the wine cellar and other elements of monastic life. Just about the time we get thrown out of there we run into the outraged circus owner again."

RED, STILL recovering from major surgery for a diaphragmatic hernia (his second since 1953), said Marceau visited him at home where they outlined the picture.

SKET McDONALD, Columbia records recording star and his melodious Western Star Band will play for the Desert Circus Sheriff's Dance at 9 p. m., Saturday, at the Elks Club. Sam Hinkle is chairman of this Desert Circus event. McDonald's latest Columbia recording, "The Old Heart," has already gone over the million mark.

600 Prudential Delegates To Have Real 'Hofbrau' Dinner

When the 600-plus delegates of the Prudential Insurance Company of America sit themselves down

to what has already been described as an "authentic German Hofbrau" dinner in the Palm Springs Riviera Hotel on Wednesday, they can feel confident they're getting the real McCoy.

Riviera chief chef Ferdinand Burandt, who is putting the meal together, was born and raised in Hamburg, Germany, served his apprenticeship at Hamburg's Europaerischer Hof, and cooks more bonafide German dishes than you could store in a Volkswagen truck.

WHAT'S MORE, Burandt has accomplished this mastery of culinary arts in a remarkable short time; at 29, he is perhaps the youngest chief chef in a major hotel on the West Coast.

German cooking comes easy for the stocky young chef but converting to American cooking dealt him a fit.

"Cooking in this country," he said, "was the biggest challenge I've ever faced."

THE REASON? Many American dishes — such as chili and sweet potatoes and others — aren't even on European menus. Burandt had to learn from the stove up on those. Corn on the cob is also unheard of in most European dining rooms and he'd never heard of swordfish or pike when he disembarked in New York City about eight years ago.

FERDINAND BURANDT, chief chef for the Palm Springs Riviera Hotel, applies a blade to a huge beef roast. Burandt will be readying his specialty—German dishes such as sauerbraten, sweet and sour red cabbage, knackwurst and other delicacies—for a special "German Hofbrau" dinner Wednesday night for members of the Prudential Insurance Company of America, now in convention at the Riviera Hotel. UJA Drive In DHS Set For March 12

Jeanne Daman
To Be Speaker
At Jewish Center

DESERT HOT SPRINGS — The Jewish Community Group of Desert Hot Springs will launch its annual drive for the United Jewish Appeal, at the Jewish Center, Desert Hot Springs at 8 p.m., Sunday, March 12.

Jeanne Daman, Belgian underground heroine of World War II, who recently returned from an extensive survey tour of Israel and the Middle East, will speak. The United Jewish Appeal raises money for immigration and absorption of newcomers to Israel, overseas relief and rehabilitation and refugee adjustment in the United States.

MISS DAMAN'S heroic deeds in effort to rescue Jewish children from the Hitler holocaust have been chronicled in "Their Brother's Keeper," by Philip Freedman. Miss Daman, now a resident of Berkeley, is married to Professor Aldo Scaglioni, Professor of Literature at the University of California.

Shortly after Hitler occupied Belgium, Miss Daman, then a teacher, was informed by the Nazis that her schoolwork did not conform to the spirit of "New Germany." Miss Daman, a Catholic, showed her defiance of the authorities by accepting an invitation to teach at "Nos Petits," an all-Jewish school. When German brutality forced the closing of the school, the brave headmistress joined the Jewish underground in its dangerous struggle against the invader.

UPON BELGIUM'S liberation, she resumed her work in education, helping in the rehabilitation of Jewish youngsters who had survived the concentration camps and had returned to Brussels.

Since the end of World War II, Miss Daman has frequently visited Israel to meet with the many "children" she helped to rescue, many of whom are now parents themselves in the free State of Israel.

Sol Winter is chairman of the local committee. Assisting him are Sam Axelrod, Sam Goldman and Ben Katz. Rabbi Isaac Bloch is chairman of publicity.

Toastmasters Set Election, Speech Contest

Election of officers of the Palm Springs Toastmasters will take place March 2 at a dinner meeting at Laurie's Steak Ranch, according to Fred Nitchy, retiring president.

During the meeting, four club members will compete for a chance to represent the club at the spring speak-off to be held at the Officer's Club of the U.S. Marine base at Twentynine Palms. The four contestants are Allen Miller, Jack Meyers, Duke Hitzel and Joe DeFrancis.

The winner at Twentynine Palms will represent the six clubs of Toastmasters Area C-6, comprised of clubs from Palm Springs, Indio, Desert Hot Springs, Twentynine Palms and Banning - Beaumont at the district meeting set for May in Santa Ana.

WATER DROPS CAN ADD UP TO POLICE CALLS

Little drops of water sometimes add up to police department calls, Palm Springs officers found over the weekend.

A local resident called through an answering service Sunday to advise officers that someone had turned on her outside sprinkling system. Because one leg was broken and in a cast, she couldn't go turn it off, officers were told.

Gallant patrolmen checked the grounds thoroughly, were puzzled to find everything secure and very dry.

The officer found the trouble inside the house. A faucet over the bathtub was steadily plink-plink-plink away, adding up to a miniature drizzle.

The citizen's committee appointed by the Palm Springs Unified School District board to study the needs and feasibility of academic classes here for severely mentally retarded children has inaugurated a search for these youngsters within the school district, committee chairman Orvil Zappe announced.

"This survey is being conducted so that a service can be given to these children to improve their welfare, as proposed through the establishment of a special training program where specially trained individuals and teachers will be able to improve their (the children's) well-being," Zappe said.

Midwest Realizes Airport Values

A recent trip to the Midwest by a staff member of The Desert Sun illustrates the importance of the present Airport facility to the City of Palm Springs, and the need for a "Yes" vote by local residents for its purchase on March 14.

At departure, 16 people deplaned here from Los Angeles (and presumably other points) and only two got on to go to Phoenix, with the Arizona resort city only a transfer point.

Phoenix is currently expanding and improving its facilities. Then came O'Hare Field in Chicago, which is in operation but far from complete, and which probably never will be in this jet age.

Then into Wisconsin, where every city served by North Central is fighting encroachments by other cities and counties. Just a few years ago a struggling airlines started a feeder service through Wisconsin. Then called Wisconsin Central, it started serving the cities which had adequate airports. Its popularity

grew, new financing was brought in and it became North Central with an expanded interstate service.

Today, applications are pending for service from cities and counties, and are being opposed by points currently served because they want guarantees that expansion of service will not reduce flights. Others are talking expansion of facilities. None are discussing dormancy and letting the airline facility go. They recognize its importance as a business and tourist attraction.

Palm Springs has facilities which it can purchase at a fair appraisal. Yet there is concern that two-thirds of the voters might not approve the bond issue. It's strange — One section of the nation has reached maturity and is looking ahead, while this section which has yet to see its greatest expansion is said to be hesitant.

A "Yes" vote for the Airport is a necessity and a sign that Palm Springs residents are facing their problems with a forward looking, mature attitude.

Kansas Is 100 Years Old

NEW YORK — Don't look now, but Kansas is 100 years old. Statehood came to it on Jan. 29, 1861, and it's taking a year off to mark that Happy Day. All Americans should. Just suppose Kansas didn't join us. We'd be the shape of a doughnut.

It was there before. An elegant Spaniard named Francisco Vasquez Coronado sampled its delights, but found no gold, 79 years before the Mayflower threw a line on to Plymouth Rock. And where would TV be today without Kansas? It not only produced Jesse and Frank James, Coleman Younger and the Dalton Gang but the fearless Wyatt Earp and Bat Masterson to bring them to book. Dodge City wasn't named for the car. It was called after the principle occupation of natives caught between salvos.

JOHN BROWN'S body, long before it began a "moulderin'" was active in Kansas. He led a raid around Pottawatomie in which five pro-slavery settlers were killed in retaliation for the deaths of as many abolitionists murdered shortly before. He should never have taken that trip to Harper's Ferry.

Kansas was the gateway through which poured the amazing Americans who opened the West. The ruts their wagon wheels bit still stand like proud scars here and there. A boy named Ike Eisenhower, part of a poor family in Abilene, used to sit by the hour listening to

men tell tales of their cattle drives from Texas and the Oklahoma panhandle, over the Chisholm Trail that ended in his little town.

WASHINGTON IRVING gave the place a bad reputation by writing of it as if it were a desert. Actually, it once was under water, a couple hundred million years ago, as any fool who has seen the salt deposits in central Kansas will tell you. They are deep down as 1,000 feet, and as much as 500 feet in thickness.

Kansas also has 41 lakes and several Federal reservoirs, and water - skiing is a favorite sport. One of the industries of Leavenworth is tugboat building. It is the only state that has both tugboats and buffalo. And the only one which produced Walter Johnson.

KANSAS HAD more trouble getting into the Union than either Hawaii or Alaska. During the seven years it had the status of Territory, three state constitutions were drawn up and scrapped. It couldn't make up its mind whether to permit slavery or not.

The fourth constitution, drawn at Wyandotte — now part of Kansas City, Kans. — touched off calamitous fireworks in Congress. For 16 months it hung (and aroused) fire as Abolitionists wrangled with States-Righters. The walkout of many Southern Senators on the eve of the Civil War swung Kansas into the

list of Free States. President Buchanan signed the bill that added another star to Old Glory, the 34th.

AT THE OUTBREAK of the war between the States, Kansas had 30,000 men between the ages of 18 and 45. Twenty thousand of them joined the Union Forces, including two negro infantry regiments and a Negro artillery battery. No other state could boast of the same response — two-thirds of Kansas's eligible men had joined up. Some 8,498 were killed the highest mortality rate of any state.

Many forget that the Civil War spread as far inland as Kansas. Generals Pleasanton, Blunt and Curtis defeated a Confederate Army under Gen. Sterling Price at Mine Creek in October, 1864, and Gen. Lee gave up all hope of taking that remote state.

ONE OF THE finest men American Journalism ever produced, William Allen White, found the Emporia Gazette the perfect pulp. Kansas, a tremendous aviation industrial complex now, also produced the first man to fly the Atlantic, the first one to fly it solo and the first to fly from Hawaii to California — Amelia Earhart. Drop in and visit Kansas on its 100th Birthday. The natives are friendly, speak perfect English, and you won't be confined to \$100 worth of purchases to bring back home.

In like a lion
And out like a lamb
Maybe March will be
The month that am.

The way the wind blew the other day, March may come in like a lion. Which, according to the old saying, means that it will go out like a lamb. That, with the Angels here and other big events on the program, is all right with me.

TODAY is an unusual day. It's only the 28th but it is the last day of the month. Which brings to mind a thought.

Why not monkey with the calendar again? We take liberties with the clock for Daylight Savings time, so why not get free with the calendar?

Wouldn't it be nice if every month was like February? Four weeks and no more.

TO KEEP IN STEP with the sun and the seasons, that would mean 13 4-week months a year with, if my mathematics are all right, one extra day. Two extra days every fourth year.

Those could be set aside as special holidays for all, not only civic workers, postal employees, bankers and school kids.

Maybe they could switch the holidays so that there's be no three-day weekends to step up the traffic toll.

I ANTICIPATE some objections. Many people will say "and pay rent 13 times a year! Are you goofy?"

Well, it could even up. People paid by the month would have 13 pay days instead of 12.

Those who get it by the week, could lose.

But think how easy it would be on the thought process if you knew every week started on a Sunday and every day had the same date as the month before and after, like February and March.

THERE'D BE no rushing to the calendar to keep straight on the date and you'd know exactly when the car payment was due. Besides, the calendars aren't so pretty these days.

All of the models are fully attired.

At least, on mine.

BY THE WAY, The Desert Sun gets around. Last week I made some mention of calendar trouble and two days later from Los Angeles comes a complete calendar. No pictures but all of the rest — dates, information, places to write notes.

It was from Windy Griffith, well known photographer who did much work here and still does. He operated the Desert Camera Shop here a few years back.

"This calendar provides space to write so you can tell where you've been and where you have to go," he added.

They tell me that during a recent cold and virus season, a family doctor was giving a record number of penicillin shots. So he tacked a sign on his door: "To save time, please BACK in to the office."

STAN DELAPLANE:

Voice of the Turtle

Sunny days have come again. The sky is blue as Chinese pants — a black and white freighter from Hong Kong is docking below me. The bay is made of rippled blue silk.

It has been a mild winter. I have instructed everybody to keep an eye out for turtles.

"IF YOUR TORTOISE awakes, cool him off and put him to sleep again," said the London zoo in a public warning to turtle owners.

The zoo people said the mild English winter is apt to bring turtles out of their hibernation. And if it works like that for an English turtle, I imagine it will work like that for our cold-blooded, All-American turtles.

THESE TURTLES — they are hibernating under the stove, that is what we think. It would cost a ruddy fortune to move the stove and find out though. These turtles actually belong to my 5-year-old son.

He got them as a birthday present. Not his birthday present. They were a birthday present for me.

A pair of turtles was exactly what I needed.

THEY CAME already named. They were little turtles — the kind you buy off the street. "We mail them anywhere."

Fortunately, they were not the painted kind. You can buy them painted with pictures of Alcatraz or the Golden Gate Bridge. Or with lofty sayings: "A Boy's Best Friend Is His Mother."

AS I SAY, they were already named: One was named Mickey Mouse for our favorite actor. The other was named Mrs. Wilson for our favorite baby-sitter. A very sentimental gesture.

Having bought them and named them, he presented them to me.

Then he sat down to play with them.

I MUST SAY they were excellent turtles while they lasted. They only lasted two days.

I bought them a Turtle Palace at the pet store. Any turtle around me should live like a king.

THE TURTLE Palace was a glass dish. It has a little glass bank — the turtles could crawl up on the bank and sun themselves.

It would be exactly like a pair of Miami Beach millionaires in front of the Fontainebleau.

In the middle of the Turtle Palace, there was a hole. And in this hole you stuck a plastic palm tree.

THE TURTLES lived on a special turtle food — a package of ground up insects. A high-protein diet. It was served by an obsequious waiter. (I never asked for a tip either. My son directed this work — he will probably be a waiter captain.)

Once they got on the floor and went under the refrigerator. But that is easy. I have pulled dozens of Siamese kittens out from under the refrigerator. You just have to be careful while you are lying on your stomach somebody doesn't open the door. Or you come up with your noggin and — OUCH!

WHEN MY DAUGHTER was small, we had a tail-less lizard the cat brought in. It lived behind the washing machine. There was a good deal of screaming when he came out from time to time.

Anyway, one day I got some sand — and you get that at the pet store, too. What a wonderful world we live in!

I got the sand and I built these turtles a nice sand bank. They could put on dark glasses and cover themselves with sand and read the Wall Street Journal and get ulcers. A million-dollar life.

INSTEAD OF DOING this, they climbed the bank and went over the wall and under the stove.

I assume they are hibernating. The mild winter — and I am grateful to the London Zoo for tipping me off — will undoubtedly bring them out.

No more palaces for these ingrates. I intend to put bars on the palace. Just like stony-lonesome.

Dear Abby...

...by Abigail VanBuren

DEAR ABBY: I'm allergic to my husband. He's kind, considerate and generous, but oh, such a bore, and quite stupid. We don't have anything in common and never have had. I got married very young. We have three of the best children you could want. I have taken up nagging as a pastime. Please help me adjust my life. I am 42 and have been married for 23 years and am bored to death with him.

BORED

DEAR BORED: The way to be entertained is to be entertaining. Better start to entertain this "kind, considerate, generous" bore before someone who is attractive, appreciative and unscrupulous starts to bore in from the outside.

DEAR ABBY: I was horrified at your advice to "PAUNCHY." The modern male is having trouble enough hanging on to his masculinity without your saying it is fine and dandy for him to wear elastic padded briefs to hold his stomach in. Please, Abby, leave the elastic foundations for the ladies.

JOHN

DEAR JOHN: Women have done a much better job of holding themselves together and keeping things in shape than men. A bay window doesn't look any better on a man than it does on a woman. There is nothing feminine about wanting to look and feel better.

DEAR ABBY: My husband and I both work. We have no children. Our problem is a very kind and generous neighbor, who has a large family and loves to cook. So, every night she sends us our dinner.

We don't wish to hurt her feelings, but her tastes are so different from ours we usually

end up giving the food to the dog or putting it down the disposal. We hate to waste so much food. What should we do?

DIFFERENT TASTES

DEAR DIFFERENT: Tell your neighbor, as tactfully as you can, that you "enjoy" fussing around your kitchen after being gone all day, so please don't send you any more food. (What a pity a needy family isn't living next door to her!)

CONFIDENTIAL TO "BOTH 45's": You cannot continue to live with your present set-up. If your husband refuses to see a doctor (he IS sick, you know) see an attorney about a legal separation.

Yes, Abby will answer your letter personally if you write to Abby, Box 3365, Beverly Hills, Calif., and enclose a stamped, self-addressed envelope.

Are your parents too strict? For Abby's booklet, "What Teenagers Want To Know," send 25 cents to ABBY in care of this paper.

For a personal reply, write to ABBY, Box 3365, Beverly Hills, Calif., and include a self-addressed, stamped envelope. Abby answers ALL mail.

Palm Springs will be represented at the California International Flower Show at Hollywood Park, Inglewood, March 3 to 11, it was announced today. Chester "Slim" Moorten, well known "Cactus King" of the Desert area, will have an exhibit in the big show. The Palm Springs theme will consist of desert wild flowers, other flowers typical of the desert and of course, a wide exhibit of desert cacti.

Paul Richards, Chicago White Sox manager, was stricken with flu during his last few days here this week. Richards and the White Sox batterymen will leave here for regular spring training activity on Wednesday.

"Hitler has shot his bolt." That was the terse analysis of the present European crisis, as given this week by Hans von Kaltenborn, distinguished foreign affairs commentator and one of the best known voices in radio, who, with Mrs. Kaltenborn, spent a brief vacation at El Mirador. Enlarging, Kaltenborn said, "There are not going to be any more big victories for Hitler. True, he will make a number of small ones to sustain his position, but none which will definitely menace Britain's position."

Just recently recovered from a severe attack of pneumonia, popular hotel man and civic notable Earl Coffman suffered another physical wallop when he slipped and fell at his home at the Desert Inn today, fracturing his right ankle.

Construction is progressing rapidly on the new store building for T. E. Connell, on Palm Canyon Drive. The structure is much larger than the store destroyed by fire last week. It has 40 feet frontage and is 76 feet deep. It will be practically fireproof, being built of cement blocks.

To eliminate any possible confusion we would like to answer the question "Just What is the Community Chest?"

The Community Chest, as we know it and refer to it, is strictly a local organization, serving Palm Springs, Cathedral City and Rancho Mirage (the area boundaries having been determined by the boundaries of our Palm Springs Unified School District). It is not a patrol, nor an affiliate of the National Community Chest movement or any other Community Chest. The official title is "The Community Chest of Palm Springs and Desert Area."

The only agencies connected with our local Community Chest are the eight local agencies which are supported by the Chest. Namely, (1) Welfare and Friendly Aid, (2) The Youth Center, (3) Boys' Club, (4) Desert Museum, (5) Boy Scouts, (6) Girl Scouts, (7) Camp Fire Girls and (8) Safety Council. The Chest functions solely for the support of these local agencies, whose main function is the health, welfare and betterment of our youth and the less fortunate.

Every cent collected by and for our local Community Chest is used here in our local com-

munity, not one cent leaves this area or goes to the support of any charity or agency other than the eight recognized local agencies listed above.

It might be enlightening to know that part of the funds budgeted for Welfare and Friendly Aid is available through Tribute Funds, which is just one facet of this agency, for the immediate aid and relief of individual heart and cancer patients in this area plus many other needy cases.

There are several worthy national charitable organizations which merit our support but we do like to emphasize that funds raised for the Community Chest do take care of our local needs and all funds raised remain in Palm Springs.

As a further bit of enlightening information, please be ad-

vised that our local Community Chest has but one salaried employee (a stenographer). All other work is performed by volunteer workers, including officers and directors, serving this "Our Community." The fact that we operate a \$100,000 a year business with only one salaried employee is a compliment to our Community Chest operation.

If any of you have any questions or would like additional information pertaining to our local Community Chest, please forward same to:

Palm City Project Location

By JACK DAVIS

PALM DESERT—Anyone want to create a new city containing 4,000 residents within the next year?

To those who might be planning such a project, we suggest a look at the fast rising 556 acre Palm City, located in the Palm Desert area.

BUILDERS MARSHALL Secrest and Nels Severin, have combined years of experience in the building and contracting field with financial backing that will add up to a \$30 million dollar addition to the Coachella Valley tax rolls during 1961.

Model homes, already at the site which is limited to occupancy by senior citizens, 50 years of age or older, have already attracted 148 buyers, even though the project will not officially open for business until March 4.

PROJECT SUPERVISOR Dan Grady reports that starting Feb. 28, construction will be set at 10 houses per day, with peak production coming within three weeks.

"By the end of May," said Grady, "we will have delivered more than 100 houses to their owners. By October, we will have delivered a total of 445, and the occupancy will continue at that rate."

COMPLETED FOR the grand opening of the new city are four model homes, furnished by noted decorator C. Tony Pereira of Los Angeles. Pereira, a member of the National Society of Interior Designers, has designed many interiors for movie and sports celebrities.

Mayor's Council To Meet Friday

A meeting of the Mayor's Coordinating Council will be held Friday at a Oasis Hotel luncheon, Mayor Frank Bogert announced today.

Reservations are required and they may be secured through the Chamber of Commerce, telephone 324-1577.

CITY PLANNERS Dan Grady, project supervisor, and joint builders Nels Severin and Marshall Secrest discuss construction schedules of new \$30 million Palm City development during a break in press conference at the Shadow Mountain Club.

Grady reports that construction goal is now placed at 10 houses a day, with first families moving into the Senior Citizen's city by May. (Desert Sun Photo)

Co-builders Secrest and Severin have included a total of 400 co-operative, own-your-own apartments within the community which will have a total of 1,800 individual dwellings. These will account for 3,600 of the new city's population, and 400 more noses will be added for the census takers count in the persons of service and maintenance personnel.

INCLUDED IN THE senior citizen's community planning is a par three golf course, which is now nearing completion. Following construction of the short course, a full-sized 18 hole set of fairways will be constructed.

Also ready for use with the opening days of the city will be a spacious recreation building which will house an auditorium with stage and other facilities for community use.

IN THE REAR of the recreation hall there is an expansive patio with both full-sized deep swimming pool and a shallow "splash" pool. Entrance to the \$30 million city is by way of the Avenue of the States at the intersection of Washington street, across the street from Bermuda Dunes.

Streets throughout the entire development have been named for various states of the Union, and their flags wave proudly from standards erected along the Avenue of the States.

A COMPLETE shopping center is being constructed, together with service facilities for yard maintenance, maid and related services.

On Friday, Feb. 24, a large contingent of Southern California newspaper and writers flew from Los Angeles and San Diego to view the project. Included in the group were representatives of major metropolitan newspapers in Los Angeles and San Diego, as well as correspondents for magazines such as Business Week and House and Garden.

The news contingent was entertained by Secrest and Severin at a Shadow Mountain Club luncheon, following which putting and pitch and putt tournaments were played on the grounds of the adjacent Shadow Mountain Golf Club. Swimming was also enjoyed by the newsmen and women.

Cathedral City Club Holds Washington Birthday Party

Placecards of small green hatchets decorated with pink flowers directed women to their seats when the Cathedral City Women's Club hosted a dessert luncheon and car party in the Town Hall.

The Washington's birthday theme was further carried out as large cherry trees embraced the head table which was centered with pink cherry blossoms. Individual tables were covered with pink and blue cloths and centered with bowls of deep pink petunias. President, Mrs. Otto Paulson, presided at a brief business meeting at which a nominating committee was named with Mrs. Claude Cobb as chairman and Mmes. J. R. Andrews and Bessie Kelley on committees.

Events planned for the month of March are an Antique and Hobby Show and tea at 2 p.m. on March 1, in the Town Hall; a luncheon at RimRocks at 12:30 p.m. on March 15; and an old

Dr. and Mrs. William McBride, of Palm Springs, hosted dinner at the La Paz Hotel in the Chez Anthony Room for Stephen F. Singer, (president of Star-Crest Recording Company), and his wife Susan, of Hollywood, who spent a few days there.

Star-Crest has just marketed "Curtain Time" with impressions by Arthur Blake and according to Singer, the album is destined to be a big seller.

Among the guests were Arthur Blake, Sue Evans (the pretty singing swinging-harpist); Al Anthony, Mr. and Mrs. Morey Geyer, of Hollywood.

NEARLY FOUR HUNDRED women attended the Marusia style show luncheon at the Racquet Club, presented by Dorothy Gray Inc. as a benefit for the Women's Auxiliary of Desert Hospital. Among the guests was Mrs. Perle Mesta, center, shown here with Auxiliary president, Mrs. P. A. Staley, on left, and Dorothy Gray Brown, on right. (Anderson Photo)

Marusia Gowns Wearable

In a fast procession of bazaar and custom gowns, Marusia presented her newest collection at a style show luncheon which was a benefit for the Women's Auxiliary of Desert Hospital. The Racquet Club was filled as it always is for this annual event, which is arranged by Dorothy Gray.

PERLE MESTA, who had come down especially for the Marusia show, brought greetings from Mrs. Dwight D. Eisenhower, who had expected to attend, but was in bed with a mild virus condition. With Mrs. Mesta were Mmes. John Kellogg, Fred Jones, George Tyson.

The show went on as smoothly

as though the clothes, which were grounded in Dalls, and the commentator Miss Alice Driver, who was stranded in Denver, hadn't had to be flown in by chartered plane in a last minute rescue.

The Marusia dress that was given away, went to Mrs. John Chappelle of Eldorado, while Mrs. Frank Russell Payne received the hand bag that was a gift from Dorothy Gray Inc., who arranges the show each year.

Table favors were contributed by Mrs. Charles Berns of Club 21 in New York, who is a friend of Dorothy Gray.

First model out wore a beige silk linen, with printed silk blouse and matching scarf that tucked into tailored bars on the jacket front. They were wearable clothes mostly short and fitted, like the red silk linen two piece suit with boxy jacket; the red and white silk polka dot with bow trim; the flamingo pink nubby night weight wool coat that was worn over a black and white print silk with draped skirt.

The tiny and adorable doll hats worn with the gowns brought admiring gasps from the feminine audience and everyone exclaimed, "I knew that would happen sooner or later" when a model caught the spoke-like heel of her slipper in a tiny knothole on the runway and had to step out of it before she succeeded in twisting it free.

Beautiful was the amethyst and

brown silk print with jeweled buttons and the black and beige silk linen print with same-pattern chiffon blouse.

Most unusual was the Cha Cha dress, which was shown in black and in white and which Dorothy Gray had chosen in turquoise. This is also the model which Mrs. Rogers chose for herself.

The short taffeta print gowns with matching coats, for which Marusia is noted, were very Palm Springs-conscious, and perfect for theater or dinner. The blue and green one was particularly gorgeous.

An enchanting gown of white dotted net over a short full skirt, with bodice of lace, was the finale, with Marusia making a brief appearance to accept acclaim for her skill in giving women what they want . . . flattering wearability.

The show was under the chairmanship of Mrs. Walt Sibbert, who said that Maitre d' Albert reported 393 luncheons served. Mrs. Frank Bering was ticket chairman for the successful affair and Auxiliary treasurer Mrs. Sherman Hull assisted in financial matters. Auxiliary president Mrs. P. A. Staley expressed satisfaction with the luncheon show, which is a

THE CHA CHA DRESS was one of the sensations at the Marusia show. It was shown in two colors, black and white, and Dorothy Gray wore a turquoise model of it.

The series of discussions which began today will continue through Friday, March 3.

TODAY'S PANEL discussed "Our Political and Legal Heritage," and was composed of Judge Hilton McCabe, County Supervisor George Berkeley, Sheriff Joe Rice and Harrison Spangler.

Scheduled for tomorrow's session on the subject of "Our Economic Heritage" will be financier Floyd Odum; motion picture producer Sol Lesser; Mrs. Bernice Woodward, noted San Francisco businesswoman, and Ed Converse of Bonanza Airlines.

HEADING THE Thursday panel on Our Cultural Heritage will be Wayne Griffin, former president of the Hollywood Bowl Association. He will be joined by Mrs. Samuel Marx, a director of the National Museum of Art and well known Palm Springs woman, Mrs. Everett Ball and Mrs. Charles Farrell. Concluding the series on Friday will be Virgil Pinkley, publisher; George Murphy of Hollywood; Richard Bagdasarian and Commander J. Hrabosky of San Diego.

AMERICAN HERITAGE study is a segment of the Teaching Team program sponsored and assisted by Claremont College Graduate School. Purpose of the program is to test to what extent community leaders are willing to aid in the educational development of youth, according to E. N. Chapman of the Claremont institution.

Palm Springs High School is one of ten school districts in which such programs are in operation, and is one of three in Riverside County.

Meeting in all day session at the Desert Inn, members of the Tri-County Red Cross Conference laid plans for their 1961 campaign.

With delegates from San Bernardino, Imperial and Riverside counties present, William E. Engel chairman and moderator of the meeting, introduced Carl Hoelscher, national fund vice chairman who spoke on the subject of fund raising. Hoelscher said "the Red Cross is always there when trouble or disaster strikes in any part of the world."

Mothers' Helper

CLEVELAND (UPI) — Talking about babies is any woman's pleasure, but for Robert Rundell it's business.

During 10 years as office manager for a diaper service, Rundell has developed into a baby counselor with more know-how than a grandmother. His only difficulty is overcoming the surprise of mothers who call and ask for "Susan Adams," the baby counselor. "Susan" is Robert, but the voice doesn't quite fit.

General James T. Loomis, a member of the Pacific Area Advisory Council stressed the "need to sell the community, and to educate the public on the many services provided by the Red Cross."

Regional Manager of the Pacific Area, John Dismukes, reported on Red Cross activities from an international level. He said that the Red Cross philosophy of service "may lay the foundation for eventual peace between all races."

Angels Rapidly Shaping Up

Only Two Players Unsigned

The Los Angeles Angels already appear on the way to becoming a first-class baseball team.

After only a few days of track work, low-pressure camp games and individual coaching sessions to remove kinks, resident sports writers are saying nice things and the club's executives even nicer things about the men on the field.

"I'm more certain each day that we drafted the best players," manager Bill Rigney said after the latest workouts. "It's just amazing the way these guys work."

BOB ELLIOTT, one of the coaches Rigney has borrowed to help whip the largely unacquainted gang of draftees into a disciplined team, was standing nearby.

"Yes, I think this Angel outfit has more potential than Kansas City," the 1960 Athletics manager commented.

About the only worry on Rigney's horizon—and a minor one, indeed—is a couple of hold-outs.

WHEN VETERAN right-handed hurler Ned Garver came to terms with general manager Fred Haney Monday for an undisclosed salary, the list of draftees who have not yet signed contracts dwindled to two.

Haney expects Cuban first-baseman Julio Becquer, drafted from Washington, to join the fold in short order, but has apparently given up hope on Bob Davis, a pitcher assigned from the Athletics. Davis, a Yale graduate, wants to complete a master's degree at Columbia.

BUT WITH THEIR team's roster almost complete, Rigney and Haney don't seem very perturbed about two stray players.

They and the men are intent on how things go Wednesday in the club's first intra-squad games on the spacious Polo Grounds.

Chamberlain Too Much for Lakers Without Baylor

LOS ANGELES — The Los Angeles Lakers, still in second place in the Western Division of the National Basketball Association despite a loss Monday night to Philadelphia, traveled to the "City of Brotherly Love" for another battle tonight against the Warriors.

The Lakers, playing for the second night without the services of star Elgin Baylor, put up a good battle for three periods but then succumbed to something bigger than any Laker—Wilt (The Stilt) Chamberlain. The score was 113-88.

Fullmer Continues Sparring Rounds

LAS VEGAS — Middleweight champion Gene Fullmer engaged in several more practice rounds today in preparation for his Saturday bout with contender Sugar Ray Robinson.

BOWLING

Robbie Kaptur featured last week's play at Palm Springs Bowl when she rolled a 599 series, highest scratch 3 game series for women in the Bowl's annals. She topped the series with a 215 game. Her other scores were 194-190.

Karen Christy rolled a 218 game to head the women's game scores and Bob Blauvelt rolled a 215 to top the men in the Guys and Dolls league.

Two hundred scores came thick and fast last week at the Bowl. Chuck Foster in the Industrial league belted 234 pins; Bob Blauvelt in the Scratch league, 246 and a 619 series; Bill Newell in the Monday Night Service loop, 239 and a 626 series; John Marinko in the His and Hers league, hit 244; Larry Sitter was one better in the Pacemakers with 225; Joe Wood topped 222 in the This and That league; John Strada had 218 in the Franchise League.

On the distaff side, besides Robbie Kaptur's high series, and Karen Christy's 218, Ruth Martin rolled a 174 and Mary Sitter a 171. Bev Midstokke rolled a 196 in the Palmettes league.

BUCKEYES WIN ALL CAGE POLL POINTS

NEW YORK — The Mighty Ohio State, rolling along on a 27-game victory streak, chalked up another perfect score today in the weekly United Press International major college basketball ratings.

The bouncy Buckeyes were the unanimous No. 1 choice of all 35 members of the UPI Board of Coaches for the fifth time this season. They have held first place since the start of the campaign and appear in no danger of slipping from their pinnacle in the closing weeks of the season.

OHIO STATE accumulated the maximum 350 points in this week's voting when St. Bonaventure, which picked up two first place votes last week to prevent the Buckeyes from gaining another clean sweep, dropped an 87-77 verdict to Niagara last Saturday night. It was the Bonnies' first defeat on their home court in 100 straight games.

Despite this setback, St. Bonaventure held on to the runner-up spot in the ratings, polling 26 second-place votes and 300 points.

Cincinnati, which has clinched a tie for the Missouri Valley Conference championship, moved from fourth to third place, switching positions with conference rival Bradley. The Bearcats totaled 231 points to Bradley's 185.

MAKE ALL-EAST
NEW YORK — Joe Steiner of Bucknell, Bill O'Connor of Canisius, Bill Smith of St. Peter's, Ron Warner of Gettysburg and Doug Grutchfield of Massachusetts made up this week's major college All-East basketball team on the Eastern College Athletic Conference.

Moon Seems Sure Starter For Dodgers

Not Impressed by Accent on Youth At Vero Beach

VERO BEACH, Fla. — The accent may be on youth at Dodgertown, but soon-to-be 31 Wally Moon is not impressed.

The veteran left fielder seems reasonably assured of a spot on the Los Angeles Dodgers, now in their second week of spring workouts.

Asked if he thought he would be in the opening lineup, Wally said all he was sure of was that he'll be ready if manager Walt Alston looks his way.

INSIDERS AROUND Dodgertown are sure he'll get the eye.

Whatever Wally's individual chances, the youngsters and the executives look on him as a unique combination of player, example and coach. He has been through the mill from both ends and knows what to expect.

In 1954 he came up to the Cardinals as a freshman, and hit .304 to become the National League rookie-of-the-year.

"When I was sure I had made the club, I went to Stan Musial and asked him about various pitchers in the league. He gave me all the help he could, just as he does any rookie who asks."

NOW WALLY is in Musial's shoes. It is apparent he believes in the Golden Rule, but he tempers it by not wanting to badger the youngsters with free wisdom.

Moon thinks he has seven or eight years left as a player. Both president Walter O'Malley and vice president Buzzie Bavasi have informed him "he has a spot" with the Dodgers when his playing days are over.

Laurie's Steak Ranch basketballers held on to their three-game lead in the City Basketball league but were forced to go the limit to defeat Joe Lewis Juniors Monday night on the high school floor 73 to 72.

Laurie's took a 45-28 lead in the first half of their game but the Juniors bounced back to almost tie it up in the second half, 44-28.

George Hertzke ran wild for the winners with 29 points and Bob Clinto had 22 for the losers.

TWO DAILY DOUBLES PAY OFF MORE THAN \$1,000

By United Press International
They beat out a rags-to-riches rhythm at Bowie and Hialeah Monday to the tune of a pair of \$1,000 daily doubles.

A three-year-old filly combo, without a victory in 17 starts between them, was the No. 1 hit at the Maryland oval with a \$1,154 DD production. Sabine Artist, winless in nine previous outings, returned \$145.80 in the first race. Spry completed the act with a \$38.20 payoff in the second race for his first triumph in nine starts.

In Florida, Vince (\$10.90) made the winner's circle for the first time in two years and Michelly (\$194.80) won the first race of his

career to provide a \$1,019 daily double.

Cashiers at Hialeah required winners to identify themselves before paying off on the winning double.

Track officials said there were three \$10, six \$5 and 113 two dollar tickets sold on the winning double.

Comet is one of the least expensive compacts you can own! These are the facts. Comet costs less when you buy—up to \$331* below other compacts. Comet gives you high resale value—up to \$46* more than other compacts. That's why it pays to own a Comet. But that's not all. Comet has fine-car features, too.

It's the first family-size compact. Longer wheelbase—up to 7.5" longer than other compacts—means more Comet room, not only in pleasurable comfort-for-six seating but in over 28 cu. ft. of trunk space—up to twice as much as other compacts.

Comet's big-car ride is the comfort difference. Extra length also contributes to Comet's road-leveling ride. The refined new suspension and easier-action springs give Comet a better ride than many standard cars. And you'll find Comet turns, parks and handles almost as easily as a tricycle!

Talk about economy and you're talking Comet. To save on gas, choose either of Comet's two thrifty engines. You change Comet oil only every 4,000 miles, get 10% better tire mileage, save on licenses and insurance. And Comet's super-enamel finish won't cost you a cent for waxing—never needs it!

Both two- and four-door sedans and wagons. Take your pick from sedans or wagons. Comet wagons have up to 30% more cargo space behind the front seat than most other compacts, plus a convenient roll-down rear window.

Lasting quality, even where it doesn't show. Comet is quality, inside and out. Unit-built to keep quiet, stay sturdy and durable, Comet also has rustproofed vital underbody parts, complete soundproofing and an aluminized muffler.

10 Books Per Pupil Is Goal For District

Current Status Is Half or Less of Recommendation

Miss Louise Janes, Palm Springs Unified School District librarian, has told the district board that the library program here has a goal of 10 books for each district pupil within two years.

Current libraries total approximately four per pupil in grade schools, 4.5 books per pupil in junior high school, and five per pupil at Palm Springs High School. The district professional library has 349 books, she said.

District goals include adequate library facilities in all schools, adequate personnel, and qualitative and quantitative book selections, she reported. Dr. Bernard Poliak, board president, asked if a model elementary school library could be set up in Agua Caliente school "if funds could be made available — say next year."

Clark Serves On Transport

C. C. Clark, electronics technician third class, USN, son of Mr. and Mrs. C. C. Clark of 37548 Glen Street, Cathedral City, serving aboard the attack transport USS Pickaway operating out of San Diego, took part in ceremonies marking the 19th Anniversary of the Pacific Fleet Amphibious Force.

Established by the late Fleet Admiral Ernest J. King, the force is comprised of ships, landing craft and specialized units with the mission of landing troops in assaults on hostile shores.

COLOR SLIDE AND TAPE report on the Palm Springs Optimist Club by Mr. and Mrs. Volle Tripp, publicists for the rally, Optimist Bill Zeck, pointing at tape control buttons, watched the synchronized demonstration of equipment. The Tripps, writers since 1930 who now free-lance, have showed the Rally material to audiences from Seattle to Sarasota, San Diego to New Brunswick, Canada. Work is sponsored by Palm Springs Chamber of Commerce, association of area trailer parks, and last year by Desert Hot Springs. Show is aimed for retired or soon-to-retire people. Tripp is a retired San Diego builder, his wife a former school teacher. (Desert Sun Photo)

CIRCUS, GOLF TOURNAMENT HEAD SOUTHLAND EVENTS

Colorful events in Southern California during March are highlighted by two Palm Springs events—the Desert Circus celebration March 1 to 5, and the traditional Palm Springs Invitational Golf Tournament at O'Donnell Golf Club March 12-19.

The events calendar was announced by the All-Year Club, which spreads the word about the Southland's interesting activities in its work of attracting tourists who spent over \$715 million in Southern California last year.

OTHER SOUTHLAND event highlights include:

Hundreds of kids will parade behind a band through Ocean Beach at San Diego on March 11 and race to loose their kites on the beach in the annual Kite Festival. There will be prizes for best designed, biggest, prettiest, highest flying kites. Five miles of kite tails go into the building.

Also at San Diego, some 350 youngsters will knuckle down in Balboa Park March 25 for the 14th annual marble championships, limited to third grade through junior high school.

TOP RIFLEMEN of the armed forces, as well as civilians, will compete in the Hi-Desert High Power Master's Rifle Matches, before a large gathering of spectators, at the Twenty-nine Palms

Marine base March 3 to 5.

The World's Championship Golf Panning derby will be held the afternoons of March 4 and 5 in a gold stream at the Tropic gold mine at Rosamond in the Antelope Valley. Winners get gold nuggets; losers get "fool's gold" (pyrites).

ALSO IN THE Antelope Valley, six square miles of almond trees, largest such stand in the world, burst into dainty blossom and near-by Quartz Hill holds the Almond Blossom Festival March 10 to 12. There will be a pet parade and go-cart races Saturday and the big parade and junior rodeo Sunday.

The world's biggest Wistaria vine is expected to be in bloom until March 11 covering a solid acre with a lavender canopy at Sierra Madre.

It's peak blooming time in the world's biggest camellia display, 100,000 plants and trees at Descanso county gardens in La Canada. On March 11 and 12 camellia societies add to the scene with their best blossoms. Descanso's annual Daffodil Show will be held March 18 and 19, the flowers being displayed along the wooded paths.

AT A TIME WHEN most farms elsewhere are white with snow, the California Midwinter Fair and Festival of Nations will be held March 3 to 12 at Imperial. Best of the \$120 million harvest of vegetables, fruits, flowers, and livestock will be displayed. The festival honors eight national groups that helped reclaim the valley — Chinese, Mexican, Indian, Pakistani.

State Not Dusty OKLAHOMA CITY (UPI) — Oklahoma, generally known as a plains state, has 985,329 acres of tree farms. Also numerous lakes dot the state and it is far from barren or dust-blown.

Osteopathic Group to Hold Meeting Here

Talks on Legal Problems Planned, 200 Due to Attend

Legal problems of the medical profession will be highlighted in the March 4-5 convention at El Mirador Hotel of the California Society of the American College of General Practitioners in Osteopathic Medicine and Surgery.

Dr. Charles R. Wagner, Los Angeles, state ACGP president, announced an estimated 200 members will attend the sessions.

Melvin M. Belli, San Francisco attorney who has represented numerous clients in personal damage suits against medical practitioners, will speak to the group on legal protection for the medical profession. The Hon. Samuel R. Blake, Superior Court judge, will conduct two mock "trials" during the convention, with commentary on court procedure and legal evidence.

Wives of the delegates will be entertained at a Saturday fashion show luncheon. The women will be welcomed by Charles Farrell. Fashions will be presented by Waltha Clark.

Area Residents Win Preserved Foods Awards

INDIO — Three Palm Springs area women scored high in awards competition of the Preserved Foods division at the National Date Festival and Riverside County Fair judging, it was announced today.

In the canned fruits division, Mrs. Mabel T. Brown, Palm Springs, won first with cherries and second with her canned apricots. She also placed third with her entry in the plum division.

Palm Desert's Mrs. Stanley Chambers won five first place and one second place ribbons, scoring first in the pickles and relish division with Chili Sauce; Date Chutney, Tomato Catsup and Watermelon Pickles. Mrs. Chambers also scored first in the marmalades and butters division with her entry in the Citrus and other fruit category and second in the same division with grapefruit marmalade.

Another Palm Desert entrant who scored two wins was Mona Oswald who won blue ribbons for her Apricot jam and for Apricot-Pineapple jam.

Library Has Complete Works on Eisenhower

By GERRY VANEK

Lincoln and Washington, two of the country's most distinguished ex-presidents are honored during the month of February. What an appropriate month for the desert to play host to the highly-esteemed, newest ex-president, Dwight David Eisenhower!

The former chief executive's personality is such that readers of all ages are interested in getting to know him — getting to know all about him—and the library is happy to help! In the Children's Room we suggest YOUNG IKE, by Hatch, and GENERAL EISENHOWER, SOLDIER OF DEMOCRACY, by Kenneth Davis.

But America is strong—
Thanks to you.

In war and in peace
You were a leader of men;
We revere you now,
As we did then.

With dignity and warmth
You tempered your power;
We rise to salute you,
"Citizen" Eisenhower!

FEBRUARY IS ALSO noted for its Valentine holiday and our famous visitor brought his "Valentine" to enjoy the desert sunshine

with him! You can learn more about her in RED CARPET FOR MAMIE EISENHOWER, by Alden Hatch... and MAMIE DOUD EISENHOWER: A PORTRAIT OF A FIRST LADY, by Dorothy B. Brandon. Widening the family circle a bit, is THE GREAT AMERICAN HERITAGE: THE STORY OF THE FIVE EISENHOWER BROTHERS, by Bela Kornitzer.

And, though it may seem a bit unnecessary with both of the Eisenhowers right here in our midst, we do have some fine pictures of them both in our files!

A new way of life, and you can afford it!

"...and we're close to the new school!"

Boasting about your home, Higgins? Well, that's understandable. Most men who have worked hard through the years to buy good homes for their families are proud of them.

Nice as your home is, its location in a progressive community, with all the public facilities needed for modern living, adds greatly to its attractiveness.

Someday—perhaps years from now—you may sell your home. When you do, the good schools, well-equipped fire department, modern hospitals, ample supply of pure water and other community assets can make a difference of several thousand dollars cash in your pocket.

Of course, you share the cost of these community assets. But the cost is spread over a long period of time to keep taxes at a reasonable rate. This is done by sale of municipal bonds on a competitive bid basis.

The Bank of America and its associated investment dealers bid on virtually all municipal bonds issued in the State. That's because we have confidence in the future of California and communities like yours.

Being right there on the scene, you know the business, industry and people in your community as well as anybody does. You've watched it grow and improve as the years went by. You've helped by voting for needed bond issues.

But have you ever thought of buying the municipal bonds issued in your area? They're available in denomination of \$1,000. Municipal bonds pay you a good return and the income you get is tax free. The manager of your local branch of the Bank of America will be glad to give you full information — or you may write to
